

# 1<sup>st</sup> Circular on Japan-India Material Science School

Date: November 17-19, 2025

Venue: Institute for Materials Research, Tohoku University

## Scope

Institute for Materials Research (IMR) organizes Material Science School for Young Scientist for every year. In 2025, we will focus on the Japan-India Collaboration developing quickly in recent years. During the school, lectures from expert will be given. Laboratory visit and experience of experiments will be provided for onsite participants. IMR provides travel support for several selected young researchers from India. The lectures will be open for online audience. Finally, we welcome all participants from other areas to participate this event.

## Three Reasons for Joining this event

1. Lectures from Experts of Materials Science
2. Laboratory Experience in IMR Facilities
3. Exchange Among Participants for Future Collaboration

**Participation Fee  
is Free !**

Day1 AM	Opening, Laboratory Visit
Day1 PM	Lecture
Day2 AM	Short Presentation
Day2 PM	Lecture
Day2 Evening	India Night, Exchange with India Student/Staff in Tohoku University
Day3 AM	Laboratory Visit
Day3 PM	Lecture, Closing

## Important Dates

May 8 1<sup>st</sup> Circular and Website Open  
June 30 Deadline of Support Request for  
Onsite Participants from India  
September 30 Deadline of On-site participants  
October 31 Deadline of On-line participants
